C 1817

Lafitte stole the Indian's clothe
while they were swimming
on West end of Sabreston Island.

After the Indians murdered
several white men Lafitte organized
an expedition against them. He attacked
300 Indians with 200 heavily armed
men & 2 cannon. After 2 days, the
Indians retreated to the main land

leaving 30 dead.
This letter corrected all the averages
in south Toro and announced that they
which were, whereas before they had
been friendly. The Indians gave the
colombians under Stephen F. Austin
much trouble.
